Pre-school children will attend the public school they would attend if they were of school age.

In the event of no-school, the clinic will be postponed for two weeks, location and time to remain the same. Signed parental consent slips must be at the Board of Health office before the clinic.

The most recent snow storm will cost around \$15,000, according to Town Manager Monahan.

The storm of the week before, a final salute to 1956 by Jack Frost and his imps, was \$13,000, it was reported.

While local residents were misled by official broadcasts and announcements that the storm would stop early Monday evening, the Manager said the Town's private, paid forecaster "hit it on the nose". The storm lasted until midnight.

Knowing the storm would last several hours beyond predictions, the Town snow fighting forces confined activities to sanding and salting early Monday morning.

As the storm subsided, outside plowing and removal forces were called in.

The business centers were largely cleared by yesterday afternoon by snow loaders and removal trucks.

Because of drifting and stuck cars some corners were called "a mess" by Superintendent of Public Works O'Hara Tuesday night. A re-plowing job was ordered.

Drawn To Jury

Three Arlington men were drawn to jury duty at East Cambridge Feb. 4 by the Selectmen this week.

They are George F. Ward, 14 Trowbridge st., Joseph Shaw, 32 Pierce st., and Rosamond B. Pyne, 98 Grafton st.

Residents Score MTA For 'Lack Of Service' Here

The MTA came under fire from scores of Arlington residents this week as a result of "poor service before, during and after the storm."

Town Manager Edward C. Monahan said that he had received letters and phone calls from irate residents.

Tuesday morning all bus stops along Massachusetts ave. were overcrowded. Long delays resulted as buses could only make one or two stops before reaching capacity.

Residents in the east end of the Town said that no buses stopped there for long periods, although they did go right by.

The outbound situation in Harvard Square was also hit by the residents who stood in the snow and cold for long periods of time.

The Manager is writing to the MTA to protest the service during the storm.

THE MTA bus stop now just westerly of Menotomy rd. will be relocated opposite Brattle st.

Mrs. Bursey's guest appearance inaugurated a new feature of the show whereby local housewives assist Alan in introducing the feature film of the day. She was selected on the basis of the most interesting letter stating her reasons for wanting to co-emcee a show with Alan Dary.

2 Bomb Threats Made At Town Hall, Library

Local Man Appointed At Center Post Office

Edward Okerlund, 239 Washington st., has been appointed assistant superintendent in the Arlington Center Post Office, it was announced yesterday by James Doherty, superintendent.

Two bomb scares were reported to police here this week.

Saturday night, a man called the police station and said that a bomb would blow up the Town Hall within one-half hour.

Police Chief Albert E. Ryan, the Fire Dept. and Daniel Canniff, the Town Hall custodian, were notified.

No bomb could be found. Last Thursday, police rushed to the Dallin Branch of the Library in Arlington Heights after a man called and said that a bomb "which will explode in ten minutes" was hidden in the library. This too proved to be false. Police are investigating.

PERSONNEL Board met last night with a sub-committee of the Finance Committee.

Three Firemen Hurt In Blaze

Three Arlington firefighters were injured when they fell into a four-foot deep water pit Monday while battling a \$30,000 blaze in the three-story wooden plant of the Anderson Window Company, Inc., 366 Massachusetts ave.

Capt. George Kenney suffered a wrenched back in the fall in the boiler room and Pvt. John Day and David Kenney escaped with a soaking.

The blaze broke out about 7 p.m. and was discovered by Patrolman John Powers. Fire Chief Thomas H. Egan said flames started in flooring of the first floor and was held there but caused heavy damage to window and door stock. Cause was undetermined.

Local Service Station Suffers Second Break

For the second time in as many weeks, thieves broke into Fredo's Socony Station at 369 Massachusetts ave. Friday.

Police said that entrance was gained by breaking a window.

Nothing was missing, the proprietor said.

Town employees are asking an "across-the-board" increase of \$208, or \$4 per week for 1957.

Representatives of the Town Employees Ass'n and the Municipal Employee's Ass'n met with the Personnel Board last Wednesday and presented the request.

In 1956 the employees received a similar, cost-of-living boost. In 1955 they received \$104, annual raise. In 1954 there were many changes in grades and pay scale changes granted by the Town Meeting.

Before that employees were given permanent increases on the cost of living formula which was tied to the Department of Labor figures.

In their plea before the Personnel Board, the employee representatives cited that surrounding communities were paying higher than Arlington.

Patrolmen in Medford receive \$4800 annually, it was stated. Arlington's maximum is \$4428, a Personnel Board official said. Cambridge pays \$4700, it is understood. Melrose and Brookline are higher than the local rate, it is reported.

As to laborers, the weekly rate in Cambridge is \$71.70, Medford \$72.00 while Arlington is \$66.40, the employee representatives said.

The Personnel Board is taking the matter under advisement, according to A. Lee Morris, executive secretary.

Members of the Personnel Board are Hugh Farrington, Chairman, Patrick F. Reddan, Warren E. O'Leary, William J. Frost and William J. Fallon.

THE ELKS will honor Coach Eddie Burns and the 1956 AHS football team Saturday night.

Recovering

Selectman Marcus L. Sorenson has been very ill and confined to the N. E. Sanatorium in Stoneham. Illness started as a kidney infection but severe complications followed. Operated on for the removal of a kidney stone, Mr. Sorenson is reported recovering slowly but satisfactorily.

CHRISTIAN SCIENCE

The answer to mankind's great need of purity and regeneration will be emphasized at Christian Science services this Sunday.
Keynoting the Lesson-Sermon on "Sacrament" is the Golden Text from Psalms (24: 3, 4): "Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands, and a pure heart; who hath not lifted up his soul unto vanity, nor sworn deceitfully." Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (241:23-27): "One's aim, a point beyond faith, should be to find the foot-steps of Truth, the way to health and holiness. We should strive to reach the Horeb height where God is revealed; and the corner-stone of all spiritual building is purity."

Do You Believe In Buying Shoes At Sales?

Yes, if the purchase fulfills the following requirements: (1) — The shoe must fit — bargain or no bargain. It is no bargain if it blesses your toes with corns. (2) — The second requirement is that you can use the shoe. Some people spend to save if the price seems right.

By the way, our Semi-Annual Sale starts this week. Plenty of styles, sizes and bargains galore. So won't you stop in to see me? If you can't make it today, the sale will run the balance of the month. On sale are Buster Browns, Jumping Jacks, Troys, Nats, Naturalizers, Sandler, Roblee and Pedwin shoes.

Bernard A. Forest Bids For School Committee

This week Bernard A. Forest of 29 Robbins rd. announced his candidacy for School Committee. The formal announcement follows:

"I am announcing my candidacy for the School Committee. It is my feeling that there is a pronounced need for a new and vibrant approach to the problems of our public schools, and that our school administration calls for the matured consideration of a man seasoned with a broad educational background.

"As assistant professor of mathematics and science at Boston University, I have been a member of that faculty for ten years. I am a member of the Bureau of Business Research at the College of Business Administration.

"Educated in the Arlington public schools, I hold the degrees of bachelor of science from the University of Massachusetts and master of arts from Boston University. I am at present studying for the degree of doctor of philosophy.

"I have been actively interested in Boy Scout work as scoutmaster, committeeman, and counsellor. I am a veteran of World War II.

"Many of the residents of Arlington will remember my father, Joseph M. H. Forest, who for forty years operated a public transportation service here.

"Mrs. Forest, the former Barbara Maloon, and I are lifetime residents of Arlington. Our five children are between the ages of two and nine, three of whom are attending the Arlington public schools.

"Born in Arlington thirty-five years ago, I am thoroughly acquainted with our educational system and with general educational theory and practice. My sole purpose in seeking this position is to make available to the town the results of my experience in the field of education."

A WONDROUS THING

We understand that there is some internal dissension in a Town of Arlington department which reached a boiling point shortly before Christmas.

Rumor has it that the head of the department was threatened with "a punch in the nose" and some stories even go so far as to say that the blow was actually struck.

The rumors are heavy. Some say that the official is bringing charges against the man. Others say that the matter has been turned over to the Manager for "disciplinary action."

Whatever the case, we did not even know it happened. When we heard the rumor, we called the Manager for either verification or denial.

We received neither. "This is merely an internal disciplinary problem," he said.

When we explained that we were just checking, he asked, "Just what do you mean? What are you asking about?"

We answered that we understood that there had been some kind of altercation or threat. In fact, we were not even sure what happened.

The Manager then said "You know just about one per cent of the truth. When you know fifty per cent, then we'll be able to talk."

It must be a wondrous thing indeed to know that other 49 per cent, much less the other 99 per cent. If we did, we could probably tell our readers just what is going on in Town.

If and when the Manager decides to take action, or to let us know what the other 49 per cent of the story is, then we'll be glad to let the residents know.

"FAVOR" IS "LOUSY"

We detest the word "favor" in the phrase "I did so and so a favor" when used by police, office holders and officials in government.

"Favor" has many meanings—most all of them bad. A few of the milder meanings, according to our dictionary are: approval, liking, kind indulgence.

Other connotations are: too kind indulgence, a generous act involving a small taken or gift, a loose woman's indulgence to a man, and unfair preference.

Except for the part about loose women, when the word "favor" is used, the listener usually infers the latter meanings AND, in fact, the speaker usually means them.

Government by, for and of "favor" is lousy — another remarkable word, too!

NEVER BREAK OUR WORD

Never, no never, should we break our word — particularly to a child!

It seems several months ago a troop of Brownies (seven and eight year old girls) were given a conducted tour through the Police headquarters. It was lots of fun and many interesting things were shown by the nice policemen.

One exhibit was the aluminum boat which is used for skating and swimming rescues. The policeman dramatized it a bit and said that he hoped the boat would never be used to rescue a member of the Troop.

"Never go on the ice without knowing it is safe. Always call us, first, to find out," he advised.

Saturday, one little Brownie asked her mother if she could try out her new skates, a gift from Santa. She lives, quite far away from the skating areas.

Hoping to put into practice what the child had been taught, mother said, "Call the policeman first, just as he told you to."

Well, you know the rest. The police said "We do not know." The Park department was closed and our youngster never did find out. Monday it snowed a lot and, we suppose, those skates are still shiny and white—unused.

As we understand it, the Park department has the sole responsibility of determining whether ice is safe or not. Then, just who notifies or inquires of whom, is not clear, evidently.

HEIGHTS STUDY CLUB

The Arlington Heights Study Club met Tuesday at the home of Mrs. Peter A. Bertocci, 243 Park ave., with Mrs. Ariel A. Thomas presiding.

Mrs. Paul W. Kidd, program chairman, introduced Mrs. Harold Clare whose talk "From Embryo to Empire"

brought out the stories behind several successful business enterprises which had very modest beginnings.

Products now manufactured in large quantities by these companies were on display and were used as "visual aids" by the speaker.

The hostesses were Mrs. J. Philip Bower and Mrs. Joseph Letzelter.

CARD OF THANKS

We wish to express our profound gratitude to relatives, friends and neighbors for their sympathy and words of consolation during our recent bereavement. We deeply appreciate the many religious memorials, spiritual bouquets and beautiful floral tributes sent in memory of our loved one.

75 Years Ago This Week

Today completes ten years since our paper was permanently established. It is our privilege to call attention to a new departure in makeup and general characteristics of our paper and to the great increase in size (the present issue being just double that which has been printed during the past seven years).

The changes made have called for a complete remodeling of our printing office and we present herewith a picture of our new press. We invite all our readers to call and see us anytime after next week when all our new machinery will be in position and our help familiar enough with it to show it to good advantage.

The new year opened with bright moonlight and good sleighing which many have enjoyed.

Nathaniel Butters of Burlington, well-known throughout this section, was found by the roadside in Lexington, frozen to death last Tuesday morning. He had been to visit a friend and was probably overcome by the cold and fell where he was found.

The dog warrant has been issued by the Selectmen to the police to kill or cause to be killed all dogs found unmuzzled or restrained and several dogs have already met their fate.

Mrs. E. E. Rankin of 143 Warren st. gave a luncheon Wednesday of eight courses. One of the courses was a delicious grape fruit that came from Palm Beach, Florida. The fruit was not only delicious to the taste but especially attractive to the eye as the inside was of a delicate pink tint.

Every precaution is being taken to stop the spread of scarlet fever by the Board of Health. The schools are inspected every day by the town physician and if parents and doctors observe the same care there will be no spread of the disease.

Tax Collector Edward A. Bailey's report for the year 1931 shows the following:

Total of 1931 Real Estate and Personal taxes included in Assessor's Warrant, \$2,038, 128. Amount collected to December 31, 1931, \$1,431,248. These figures show 70 per cent of the 1931 property taxes collected.

The Arlington Welfare Council with headquarters in the Old Town Hall, is making an especial appeal for shoes. These are badly needed.

Sand! Sand! From dozens of quarters came this cry to the police department Sunday and Monday and the town department of public works did its best to cover the dangerous spots. So well was the work done that but on accident occurred in which a person was injured and the minor accidents were very few.

That Man About Town

B. MAI

Sorry, boss, about last week's epic. Maybe I forgot to mail it.

We learn that we were all wrong assuming that the cost of a mental health clinic is in the 1957 School Budget. Well, it goes to show few people know what is and what isn't in the School Budget.

At a recent street hearing, abutters on Appleton place registered 100 per cent against the extension of their street to Quincy street. We thought this was pretty well killed at the Town Meeting in 1954. Why the new move?

Politics are beginning to warm up. Possibly, after it is all done in March, they will prove to be merely warmed over!

Connie Brosnan, well-known fuel oil dealer, has really hopped into the Selectman's race. A few years back he toyed with the idea but did not run. He will be a powerful factor and, what with incumbents Greeley and Rawson out for re-election, the cross currents will be terrific.

Naturally, all this makes things look brighter for Bruce Hunt, the fourth man in this same race. Hunt, we feel, would not have had much chance alone against the two

powerhouse incumbents. And, don't overlook the possibility of still a 5th man in the race.

Word is about that somebody has taken out a sheaf of nomination papers for someone else. It is all very secretive. As we heard it first, the mystery man will run either for Selectman or Assessor, depending on which spot looks the rosier.

We also hear that Mrs. Strong, chairman of the School Committee, has decided to re-run. Earlier reports had it that she was trying to hand pick a successor. Mrs. Strong has been and is a strong vote-getter.

Also in the school race are incumbents Arthur Coughlin and Dr. Richard Baker (opponent). Baker ran last year for the unexpired one year term and won quite handsomely. Coughlin won three years ago handsomely. The three incumbents are being challenged by Bernard A. Forest, whose dad ran the Forest Taxi service here for forty years. Forest is an assistant professor at Boston University. He will be a decided factor in the race.

We hear that Leonard Wood will announce for re-election for Assessor this week. Zat so, boss?

CLOTHING DRIVE?

To the Editor:

A suggestion — why doesn't Arlington have a local depot for collecting clothing for the Hungarian Relief?

Concord recently had such a day and Bedford Airfield flew the clothing to Kilmer.

There must be a number of people, like myself, who have outgrown or worn overcoats, boots, etc.

I don't drive into Boston and to send such items by parcel post would be expensive and that money could be used to better advantage. Just a thought.

My son is now receiving the Advocate and enjoys reading about the home activities.

Thank you.

Lucky Mothers of Today

Dear Young Mothers of Arlington:

How lucky you are! Your children are safe and you are free from the haunting fear of Polio, — a fear that spoiled the best months of the year for the numberless generations of mothers who came before you.

We mothers of older children envy you that freedom from panic at the first sign of a child's illness. We envy you the freedom with which you can take your little ones to the beach, to the playgrounds, on trips near or far, or even to birthday parties, without the specter of Polio-melitis hanging over you to spoil your peace of mind.

And to those of us whom that fear became a reality and have lived through the long anxious days and nights of the dreaded disease, and the tedious months of convalescence, can only say — you should thank God and the March of Dimes that it will never happen to you!

You can also thank the unselfish and tireless workers of your March of Dimes organization who have collected the money that not only cared for the unfortunate victims, but provided the money for research that has given your children immunity through the Salk vaccine.

As Mothers' March Co-Chairman, I have had numerous faithful mothers who have worked for as long as ten years with me on this campaign for the purpose of achieving victory over polio. We feel we have done the major jobs and we are tired. We need help to finish the jobs — pay off existing debts and insure care for those still suffering the effects of the disease.

Will you young mothers — and mothers-to-be — you who will reap the major benefits from these hard years of campaigning, PLEASE VOLUNTEER, and help us finish the job up right! I feel sure many of you will. It is such a nice way to show your gratitude for the health and safety of your children — and your own peace of mind.

Thank you

NO SAFE PLACE

To the Editor,

I have just read Chief Ryan's report in the Arlington Advocate concerning the accident on Wollaston Avenue.

My children were with Richard Quetzle. I know what happened and how and feel as badly about him as if he were one of my own.

But when the children suddenly came into the house and say "Let's go coasting" are they to sit around and plan first where they can go, walk for about 2 miles to a "safe" coasting spot and return home frozen?

The children nowadays aren't allowed to do much of anything — "no coasting" — "no skating" — no fun! "There's no safe place for coasting in Arlington," Chief Ryan said — how about driving?

There was no sand on Wollaston Avenue either — could have been a car instead of a sled!

How do you feel tonight? Alert, gregarious, ambitious, jovial? Or do you feel old and weak, wretched and discouraged? Anybody else crying but you? Think you're getting aged? Listen, Vanderbilt between 79 and 86 made 100 million dollars.

Verdi wrote "Ave Maria." Know how old he was when he wrote it? 85. Cato decided to study greek when he was 80. Titian picked up his paint brush and gave us the historic "Battle of Lepanto" when he was 98. Goethe was 80 when he finished Faust.

If the time ever comes when I feel blue, these are the fellows who will come to my mind. I feel I still have a chance. It isn't that I think I'm getting old. Not at all. I still have young blood. I just carry it in an old container that's all.

I was born a nothing and now I'm a nonentity. Look up at my picture at the head of this column. Did you look? Disgusting, isn't it?

If I had nerve enough, I'd stock up on women's cosmetics, a case of face powder, a case of lipstick, some cold cream, all on time of course, and see if I couldn't make myself look younger.

Every woman in the country is doing it. You see the billboards all over the nation with the picture of this girl.

Behind the Business Scene

— by Reynolds Knight —

An alarming portent for the new year came out of the just-ended hearings by Rep. Aime J. Forand's House subcommittee, dealing with repeal of the so-called wartime and Korean emergency excise taxes. This was the statement, made to the subcommittee by the Internal Revenue Service staff, that "these taxes are now considered a permanent part of the revenue structure."

Anyone who can remember back to late 1941 — or troubles himself to read the debates in Congress on those taxes — knows that permanence was the one characteristic these taxes weren't to have. Several members of the House objected that this or that levy had unwholesome side effects. Each time the majority insisted that the taxes would expire with the emergency, and the ill effects would die with them. That was fifteen years ago.

One example of the whimsical injustice of these levies is the tax on water heaters. There are 38,000 items in a comprehensive plumbing supply catalog, and all of them go tax-free except the water heater. And because some scoundrel planner, fifteen years ago thought water heaters used copper and steel and labor that might go more directly into preparedness items for looming World War II, the water heater user must pay nearly 10 per cent than he otherwise would.

L. R. Mendelson, chairman of the tax committee of the Gas Appliance Manufacturers, went down to Washington for the hearings, to protest continuance of the levy on the ground of the disparity of treatment between water heaters and other equipment. Congress meets next month, and will act on a report by Rep. Forand.

SMALL MIRACLES — The nation's largest manufacturer of semi-conductors predicts that the making of these tiny electronic miracles will be a \$300-million-a-year business by 1960. Semi-conductors — variously called transistors, diodes and rectifiers — take the place of vacuum tubes.

Largest maker of these little devices is Hughes Aircraft Company. Recently Joseph S. O'Flaherty, division manager, explained that the company got into semi-conductors because of the new high standards of performance required in the electronic armament control systems it provides for the Air Force. The semi-conductor division has grown from that beginning to where it now employs 1300 persons working two shifts a day in six buildings covering 135,000 square feet.

THINGS TO COME — A coffee vendor for factories brews by puncturing the can and forcing hot water through the holes. . . . You can mark metal objects permanently with a stainless-steel-and-plastic hand stamp. . . . A one-and-a-quarter-ounce flashlight has a snap switch, so it will stay lighted while you fumble for keys, etc., with both hands. . . . You can now spray a plastic bandage, containing an antibiotic, from an aerosol container onto the area of a burn, minor cut or scratch. . . . Imported from Germany is a vacuum cleaner that attaches to the exhaust of your car. Run

Circulate Petition For Traffic Light

The petition to the Arlington Board of Selectmen for a change in operation of traffic signals at the intersection of Massachusetts ave., Mill and Jason streets is now in circulation.

"With Massachusetts avenue now completely paved and with increased traffic, both vehicular and pedestrian, the present situation at this intersection is one of the most dangerous in the town," states the petition.

A substantial number of Arlington residents and persons engaged in business in Arlington have already signed the petition, a spokesman said.

Copies of the petition are located at Koford's Restaurant, 641 Massachusetts ave., and at the Buttrick's Ice Cream Store, 30 Mill st.

Arlington residents and persons active in business in Arlington who are interested in the improvement of operation of traffic signals at the Massachusetts Avenue, Mill and Jason Streets intersection, may add their signatures to the petition at either of the above addresses.

Ensign Virginia Mary Petralia recently completed an indoctrination course at the U. S. Naval Hospital, St. Albans, New York, and reported to her first duty station at the U. S. Naval Hospital, Newport, Rhode Island. Miss Petralia is the daughter of Mr. and Mrs. Paul J. Petralia Sr. of 167 Palmer st. She is a graduate of the Somerville Hospital School of Nursing Somerville, Mass.

Arlington Girl Chosen To Appear On TV

Boys' Club Answers Questions

"During the past few weeks the Arlington Boys' Club has been swamped with phone calls in regard to the club hours and program," George Faulkner, director, said yesterday.

Faulkner prepared a statement which he believes will answer questions of parents and suggested that adults visit the clubhouse and observe the boys in the various activities.

Faulkner's statement said in part: "We have close to 1600 paid members and the average daily attendance is about 300 boys."

"You may want to know who may belong. Any boy from 8 to 21 years of age may belong, regardless of race, creed or economic status."

"Nine chances out of ten the next question regards cost. We maintain that \$1.00 a year for boys from 8 to 12; \$1.50 per year for boys from 13 to 17 and \$2.00 per year for young men 18 to 21 is no deterrent to boys with little

original interest in constructive activity.

"The club's facilities and activities are available every afternoon and in the evening except Saturday evening and Sunday."

Parents frequently want to know, "Do we have a paid staff?"

"Our answer is, yes, we believe the key leadership is by men and women whose lives are devoted to the management of the Boys' Club."

"Contributors often want to know if we are a member of a national organization. The Arlington Boys' Club is a member of Boys' Club of America. Standards are established and must be maintained for membership."

"The activities provided in this institute of 'juvenile decency' include a diversified gymnasium program; library; a creative craft program which includes ceramics, plaster-molding, wood working, printing, leather, craft, plastic lacing; 4 bowling alleys; movies; 3 well-equipped game rooms; snack bar, and countless special events during the year."

"This Red Feather agency makes every possible effort to provide not only wholesome recreation for their members, but also to instill the guiding characteristics of the leaders of tomorrow," he said.

Panel members will be "The Arresting Officer," Chief John W. Rycroft of the Lexington Police Dept.; "The Prosecutor," District Attorney James O'Dea; and the "Judge," Judge Pierre A. Northrup, presiding Justice of the District Court of Concord.

Judge Northrup will appear if his judicial duties do not call him elsewhere.

Dr. Stanley Cath, president of the Center, will moderate the discussion.

Fidelity House Receives Many Christmas Gifts

The last month has proven to be a big month in many ways at Fidelity House.

Many thoughtful individuals and one organization, Post 39 American Legion, have remembered Fidelity House in their Christmas giving.

A sum of money was given to assist in the work being done for the Arlington children at the Medford Street clubhouse.

The check was presented to Fidelity House last week by Nicholas Sachos, vice commander of the local Legion post.

An attractive addition to the club's woodworking shop came in the form of a 10" Delta Table Saw complete with 3/4 horsepower motor and stand.

The gift is another in a series given by one of the towns more civic minded citizens. Always anonymous heretofore this person still prefers to remain unnamed as he assists worthwhile charitable organizations.

The new gym at Fidelity House was enhanced last week by the addition of a large

electric clock the gift of a member of the Friends of Fidelity House.

Another member of the "Friends" was highly instrumental in securing many items of office equipment and a large number of individual steel lockers for the boys' locker room. A huge steel cabinet for paint storage was also brought in by this same person who is also to be unnamed at this time.

A memorial gift in the form of a High Fidelity record player has been in use over the holidays and at the teen-age dances. Mrs. John H. Reese of Rawson rd. gave the record player in memory of her late husband. He was well known in Arlington for his interest in and generosity to the children.

Basketballs, volleyballs, soccerballs, playground balls and other items of equipment were recently delivered to Fidelity House from the Spalding Athletic Supply House in Chicago as a gift from another member of the "Friends" who has been more than generous at other times in the past.

MAP TEEN-AGE ACTIVITIES AGAINST POLIO—Middlesex County high school leaders who are spearheading organization of the Teens Against Polio volunteers to help the 1957 March of Dimes finish the job against paralytic polio. Left to right are Bob Hotch, vice-president Watertown High School Council; Barbara Maurer, Arlington, Massachusetts teen-age co-chairman; Hartley Noble, Massachusetts teen-age co-chairman; and Tom Blake, Jr., president of the Massachusetts High School Association Student Council.

Hold Open House At High Schools

The Arlington secondary schools will hold open house for parents to give them the opportunity to discuss with teachers their children's problems.

At the high school, report

cards went out earlier this week, and parents were invited to visit the school Monday, Jan. 14, from 7 to 9 p.m. for conferences with the teachers. Members of the student council will serve as guides.

Jr. High West held an open house session yesterday afternoon, and will hold another this afternoon from 2 to 3 p.m.

Junior High East will welcome parents this afternoon from 2:30 to 4 p.m.

Parents who find it impossible to attend these open house sessions may consult with the teachers at other times by appointment.

COURT ST. AGNES

Court St. Agnes, No. 141, Catholic Daughters of America will conduct a bridge and whist party Tuesday, Jan. 15, at 2 p.m. in the American Legion Hall, 370 Massachusetts ave.

Mrs. Frank Callahan will be chairman, assisted by Mrs. Edward J. Kelley, Mrs. Francis E. Callahan, Jr., Mrs. Daniel A. Purcell, Mrs. Patrick O'Brien and Miss Frances Ahern.

Local Option Proposed For Rent Control

(N. E. Newspaper Service) A study group probing the need for restoration of rent controls has told the legislature the situation is "not critical", but recommended machinery be established to permit cities and towns to restore controls if locally attractive.

A minority of the commission proposed an increase from six to nine months in the limit for eviction of tenants.

Senate President Richard I. Furbush, consented to the majority recommendation but in a supplemental statement declared "While I have attached my signature to the majority report, I am aware that there are many unresolved legal questions implicit therein and I trust that the answers thereto will be forthcoming before the General Court takes final action on this matter.

Some "Unreasonable" The commission was headed by Sen. Philip G. Bowker (R) of Brookline who opposed restoration of controls as suggested by the majority which stated there had been a 9.2 per cent increase in rentals since controls were lifted, but hastened to add the situation is "not critical." The report stated that there were some increases which "appear unreasonable" in areas where there is a housing scarcity and the minority held that the best method to overcome the hardship was to change the eviction law so tenants could not be evicted for nine months.

Assails Proposal Walter K. Winchester, managing director of the Rental Housing Association of the Boston Real Estate Board assailed the proposal saying "this is as irresponsible an action as can be taken against an industry after an objective and full survey showed absolutely no need for rent control in any part of the Commonwealth.

"Rep. Kaplan (Sumner Z. Kaplan, Brookline Democrat) who has spearheaded the move for rent controls, was made to look ridiculous by the Alevizos report. Rents increased in Brookline only 7.9 per cent while for the state as a whole only about 9.2 per cent," Walter Winchester charged.

The report referred to was made by a Boston University professor in a survey of increases.

Winchester said "Kaplan is attempting to save face by recommending reconrol,

Camille LeBlanc Lauds Fight Against Obscenity

Camille LeBlanc of 61 Florence ave., deansy chairman of the indecent literature campaign, told members of the Revere Rotary Club recently that Arlington is doing a good job in the fight against objectionable magazines, books and comic books.

In part, LeBlanc said: "We feel that the proper presentation of our stand and the continued person to person plea will bring about co-operation of dealers and local distributors. I can truthfully say that if what has been accomplished in my own town of Arlington, although we are not 100 per cent perfect, was accomplished in all other towns and cities this menace would soon be removed from our midst.

"You may say to me what can I do. All of us can do something about it. We can hit the pocketbook of the publisher through the dealer. The national distributor and the local wholesaler are also affected whenever the dealer returns unsold lewd magazines. The majority of dealers of magazines are anxious to please their patrons, almost all of them are unaware of the harmful material contained in the many booklets and magazines, since their time of examination is limited.

"Continued vigilance of every shopper and the co-operation of the dealer can work wonders in cleaning up the newsstand. Who, therefore, can do something about it? Every customer of every newsstand can do something about it... good American citizens do not promote nor endorse blue laws. They have however the right to protect their children and their homes from literature that has no better name than dirty."

Two Local Soldiers Graduate In Mo.

Two soldiers from Arlington, Privates David L. O'Leary and Carl A. Grobel, recently were graduated from the crane-shovel operators course at Fort Leonard Wood, Mo.

O'Leary and Grobel were trained to operate 20-ton truck mounted cranes, and had practical exercises in boom conversion and pile loading and driving.

O'Leary, 18, is the son of Mr. and Mrs. Warren E. O'Leary, 64 Sunset rd. Grobel, 20, is the son of Mr. and Mrs. Theodor Grobel, 46 Sunset rd.

The men, graduates of Arlington Vocational high school, entered the Army in August 1954 and were stationed at Fort Dix, N. J., before arriving at Fort Leonard Wood.

Bank Officials Brief AHS Students On Job Interview And Process

Commercial students at Arlington High last week got a briefing on how to get a job when Miss Mary Adams and T. Douglas Stenberg of the First National Bank spent the day here explaining the process to them.

Presenting a slide program entitled "Beginning in Business", the bank representatives showed how to make application and how to handle the preliminary interview.

The pictures then showed in the actual work situation the various types of positions open to trainees.

Employee benefits and leis-

ure activities were also covered. Although the pictures were taken within the bank, they showed the students conditions as they are in many businesses, and were intended to supplement class discussions on job placement.

The program was arranged through the cooperation of the Guidance Dept. and the Commercial Dept. at the high school.

New Social Security Rates Now In Effect

The social security tax rate increase, effective Jan. 1, 1957, has four significant features, according to Gerald J. Murphy, Manager of the Cambridge District Social Security Office which serves the Arlington area.

The new rate means that 2 1/4 percent will be deducted from the worker's pay and an equal 2 1/4 percent will be paid by his employer. The former rate was 2 percent for each.

The new rate for the self-employed on income earned after 1956 will be 3 3/4 percent. This increase for the self-employed, however, will not affect the payment that they will be making in the next few months on their 1956 income. That remains at 3 percent.

The entire proceeds of the increase is earmarked solely for the new disability income provision of the law. The totally and permanently disabled employee of self-employed person who meets eligibility requirements can become entitled to monthly benefit payments on attaining age 50. The first benefits will be for the month of July 1957.

There is no change in the maximum income that can be credited to a social security account for any one year. This remains at \$4200.

WOMAN'S CLUB TEA

A Tea for new members and their sponsors will be given at the home of Mrs. Einar T. Larsen, president of the Arlington Woman's Club, Jan. 17, from 2 to 4 p.m. at 113 Gray st.

The Friendly Committee will be hostesses.

—Brenda, Kevin and Brian Landry, children of Dr. and Mrs. Christopher L. Landry, 61 Richfield rd., were recent guests at the Eastern Slopes Inn, North Conway, N. H. and enjoyed a few days of skiing at Mt. Cranmore.

TV NOTES

by Bill Parkins

Took a peek at "Mr. Adams and Eve" (I have the biggest urge to say "Adam"), starring Howard Duff and real-life wife Ida Lupino. The plot was good; the principals did a good job at comedy considering it was their first turn at this field... BUT, the canned laughter was too, too much to take. Even the straight lines were getting laughs!

It's high time the sound men learned to control themselves with the canned stuff as it certainly doesn't help a show any and in this case hurt it!

Also looked in on Dick Powell's "Zane Grey Theatre" for the first time and was very impressed. Powell does his usual excellent job of introducing the plot and the casting was good. Jack Lemmon was the star and was very credible as the fading gunman who learns to live without his guns. Powell doesn't kid around when he picks his stars either. Next week we'll see Frank Lovejoy in the lead.

"A Double Life" came vividly to the screen last Sunday night on the Alcoa Hour and kept yours truly on the edge of the seat for the entire hour.

Eric Portman was nothing short of magnificent in his portrayal of the actor whose parts completely engulfed him to the point where he murdered a young companion (Shelley Winters).

His dramatic scene of Othello at his wife's death bed did justice to any other portrayal of Othello that I've ever seen.

Nina Foch also was excellent as the actor's ex-wife who still loves him but refuses to remarry him until he stops playing the jealous Othello. Truly captivating TV fare.

COFFEE THOUGHTS

Steve Allen's realistic interviews backfired last Sunday night when he had rapid duel with Errol Flynn. It came out bigger than the corn in Oklahoma and with less taste. The idea is good, Steve, but let's try to make it a little less silly.

WATCH FOR

A complete format change in the "Tonight" show at the end of this month. No more Steve Allen and no more Ernie Kovacs plus a time extension... back to 1 a.m. sign-off.

Another "Chevy" Show with the irrepressible Dinah Shore on Sunday night at 9, Ch. 4. Her guest lineup will include Perry Como... what a terrific duo!

Jackie Gleason's "Tribute to Eddie Cantor" Saturday night at 8 p.m., Ch. 7. The lineup will include Ralph Edwards as host, Burns and Allen, George Jessel, Red Skelton, Burt Lancaster, Connie Russell, Edward R. Murrow and Eddie Fisher.

See you next week!
